**PART 11 QUALIFICATIONS- Please attach a sheet detailing their qualifications.**

Following are some guidelines for preparing your nomination:

- > 1. Does this person personify Fellowship in their actions and deeds?  
> Character goes to the spirit of Fellowship.
- > 2. What are their community involvement/activities outside of bowling?  
> This helps show a much more complete picture about a nominee.
- > 3. What is their connection to IGBO? Are they active only on the local  
> level for their league/tournament or both? Do they take on roles within  
> the organization on committees or leadership?
- > 4. This shouldn't be a surprise for either the nominee or the  
> references. Let them know so they can be prepared.
- > 5. Get detailed information-i.e., offices held, when they started  
> bowling, any accomplishments while in that office, etc...This also includes  
> personal background information as well; place of birth, and when, schools  
> attended, degrees obtained. Places they have lived, etc...You, the nominator should  
> describe in detail the characteristics you think make them a candidate for  
> this award, as well as the names and contact information of at least two  
> references and make sure to let them know someone will be contacting them.  
> Include any letters of support from friends, family, and co-workers that  
> provide detail of involvement that only they know and not just "They are a  
> wonderful person." If at all possible include a recent photo of them to help the  
> committee place a name and face together.
