

# TAD Viewer Software Upgrade Information and Instructions

File Name: TAD Viewer 1.20 Upgrade.exe (Compressed: 82 Kb)

## New Features

Modifications to the software were based on input received at the meetings held in during the IGBO annual tournament and from email requests. Among the new features are:

1. The ability to locate a bowler in the Bowler Averages dialog using either a bowler's last name or a bowler's organization id. (That is: ABC/WIBC number, USBC number, etc.) Note that the lookup feature requires that you enter the entire number including hyphens. For example: 330-2034.
2. The print feature from the Bowler Average dialogs has been expanded to include the organization id.
3. Occasionally, an error message would appear when the Tournament List dialog was displayed. This has been fixed.

## Upgrade Instructions

*Note: For the upgrade to run successfully you must have already installed the TAD Viewer Software.*

To upgrade your software to version 1.20, you must first download the upgrade file from the IGBO website. Go to [www.igbo.org/tournaments/tad](http://www.igbo.org/tournaments/tad) and locate the upgrade information on the page.

### **TAD Viewer Upgrade**

Based upon your input, the TAD Viewer software has been updated. If you are running version 1.10R (or earlier), you can upgrade to the latest version (1.20).

**Note:** You must have a previous version of the TAD Viewer Software already installed before running the 1.20 upgrade program.

▶ **TAD Viewer 1.20 Upgrade Instructions**  PDF format (51 KB)

▶ **TAD Viewer 1.20 Upgrade Program** TAD\_Viewer\_Upgrade\_120.exe (82 KB)

If you're not sure which version of the TAD Viewer software you are running, open the TAD Viewer application. From the **Help** menu, choose **About TAD Viewer**.

Click on the link to download and save the file. After the download completes, locate the file on your system and double-click it. The upgrade takes only seconds to run and displays a message when complete.
