Best 6 of 12 Multi-City Tournament

Participant and IGBO Representative Instructions

Use this guide alongside the current tournament rules, entry form, and official registration instructions. The tournament announcement and rules provide the applicable bowling window, entry deadlines, average requirements, and score-submission deadline.

At a glance

Who you are	What you do
IGBO League Bowler	Complete the entry form, pay your IGBO Representative, and record scores from eligible league play.
Associate Member	Complete an entry for each participating league, register and pay online, and obtain league-secretary verification of scores.
IGBO Representative	Collect entries and fees, track bowlers and scores, and submit required records and payment to IGBO.

1 | Entering the tournament

- Entry fees are $10 for Scratch and $10 for Handicap. You may enter either division or both ($20 total).
- Enter your name, league information, and average on the current entry form. Determine your average using the current tournament rules (see Entering Average and Handicap section of the rules).
- Only one entry per division is permitted for each eligible league. Bowlers participating in more than one league must complete the entry process separately for each league.
- Register and pay before bowling the games you intend to count. Consult the current tournament announcement and rules for the permitted start weeks and deadlines.

2 | Instructions for IGBO League Bowlers

- Get an entry form from your IGBO Representative and complete the personal information, league name, average, and division selection.
- Return the completed entry form and entry fee ($10 per selected division) to your Representative before your first eligible bowling session.
- During the tournament, record all three scratch game scores from each eligible league session on the entry form, or have your Representative record them.
- After completing your eligible sessions, provide your completed entry form to your IGBO Representative.

3 | Instructions for Associate Members

- Download the current entry form and review the tournament rules on the IGBO tournament webpage.
- Complete your information, league name, average, and selected division(s). If entering from multiple leagues, prepare a separate entry for each league.
- Use the current online registration and payment link provided on the tournament webpage. Upload the entry form and any league standing sheet required to support your average. Pay $10 per division entered.
- Retain your entry form to record your scratch scores during eligible league sessions. After your final session, have your league secretary verify the recorded scores and submit the verified form and required league standing sheet(s) through the tournament submission process.

4 | Instructions for IGBO Representatives

- Announce the tournament to your league and distribute the current entry forms and rules.
- Collect each participant's completed entry form and payment before their first eligible bowling session. Check the division selection and amount collected.
- Enter each bowler's information in the IGBO Representative tally/score-tracking spreadsheet found on the IGBO Tournament webpage. Record all three scratch game scores for each eligible session.
- Gather the league standing sheets required by the current rules, particularly when participants use a current league average.
- Submit the completed spreadsheet and any required league standing sheets (see above) using the current IGBO tournament submission link on the tournament webpage. Alternatively, you may scan all the completed Entry Forms and upload that as one PDF document. You do not need to do both.
- Upon completing the submission, you will be directed to a PayPal link to provide payment for all entries.

Questions and current forms

For current rules, entry forms, registration and payment links, and tournament-specific deadlines, visit www.igbo.org/mct. League Bowlers may also contact their IGBO Representative. Questions may be directed to your Regional Director or fundraising1@igbo.org.

Important: The current tournament rules and announcement take precedence if any procedures or deadlines differ from this general guide.
